"The premier QR Barcode Marketing solution."

Barcode Admin's mobile marketing platform is designed to optimize your QR code usage and direct users to your Virtual Business Card. Our core features include:

- **Create personalized QR Barcodes with your company's logo on it.**
  This is important for your brand-recognition!

- **Manage and edit QR Barcode Campaigns!**
  Update printed barcodes and save money by re-using your existing advertising.

- **Track your barcodes with our detailed analytics and reporting services.**
  Target your advertising dollars by tracking your most responsive QR barcode campaigns.

- **Create your mobile presence with Barcode Admin's Virtual Business Card.**
  Promote yourself & your business in the new age of technology.
